Remanufactured DAF Truck Gearbox - ZF and Eaton
DAF's next-generation XF and CF line-up utilises PACCAR's MX engine platform and either a 12-speed or 16-speed automated ZF transmission. While the acronyms applied to various functions afforded by the TraXon transmission may differ across OEM brands, the principles remains the same - 'CC' for cruise control, 'ACC' for adaptive cruise control, and so on.

DAF Transmissions Parts - H L Smith
This list of ZF transmissions details those automotive transmissions created by the German ZF Friedrichshafen AG engineering company.. There are two fundamental types of motor vehicle transmission: . Manual - the driver has to perform each gear change (i.e., the driver is required to shift gears); Automatic - once placed in drive (or any other 'automatic' selector position), it selects the ...
